# Automated Security Request

AASRA and KIA have launched the first fully automated Security Information Request.

This is a real time application completed entirely within SDRM

There are a few minor process changes from the manual process

Automated Security Request

Security Request Information

Automaker Security Information Request Pricing Details

Key code:	$38.00
Immobiliser:	$38.00
Key Code and Immobiliser:	$38.00
Radio code:	$0.00

Prepare Security Information Request

Security Request information will be available immediately after payment is completed. Look for the **"View Response"** button once your payment is complete. You can also return back to this Authorisation form to view it here. Once you view the response, you will have access to the information for **1 hour.** After that, you will need to submit a new request if information is needed again.

👎 Cancel Order   💾 Save for Later   ❎ Back To Dashboard

KIA has launched automated delivery of Security Information through SDRM

When you press this button the process changes from the manual process

[☒ Back To Dashboard]

Need to have a second look?

After your initial 60 seconds this button will appear.

This is only true for **KIA** automated responses. Manual transactions and other brands may choose to handle this differently
