

Automated Security Requests

- 1. Login to AASRA and complete the relevant security request form.
 - a. Ensure you have filled out all the details and uploaded the correct documents on your security request.
 - b. Note: this process only applies to AASRA users with a VSP account as you will need your VSP ID.
- 2. Once you finish submitting the form, you will get the below message.

| rorm is complete |
|--|
| AASRA Security Request complete |
| Once you have completed the Authorisation form, you will request the security data directly from the GM TDS site @ https://www.acdelcotds.com/keycodes |

- 3. Login to <u>www.acdelcotds.com</u>. If you do not have an account yet, please register to create an account.
 - a. Please note: When creating an account, do not enter your AASRA ID or Authy passcode yet as this will cause the system to time out.
- 4. Once you have logged into your account, click on your Profile under your name.
- 5. Now you should be able to enter your AASRA ID (VSP ID) provided to you by AASRA and enter the passcode from the Authy app on your phone.
 - a. This will make sure your accounts within TDS & AASRA are linked.
- 6. Click Save. You will get a message stating "Your profile has been successfully updated".

| ACDelco | Subscriptions | Keycodes | My Orders | Resources | \$ • | | | | | |
