Click 'proceed' and you will be taken to the payment portal.

Confirm system requirements

I understand some Service and Repair Manuals require specific system requirements to operate comprehensively. Please check your computer's system requirements before proceeding.

System Requirements:

- Microsoft® Windows® 98 - Windows® 10.
Please note: Windows 8 is not compatible at present.
- Microsoft® Internet Explorer 8 - 11 (32 bit Operating System only).
- Adobe SVG Viewer is required.
- SVG Viewer will need to be installed or reinstalled to view Repair Manuals that require Internet Explorer 11 Compatibility Mode.

How to access service and repair procedures

Once on Toyota's portal, please click the log in button, located on the top right hand corner of your browser.

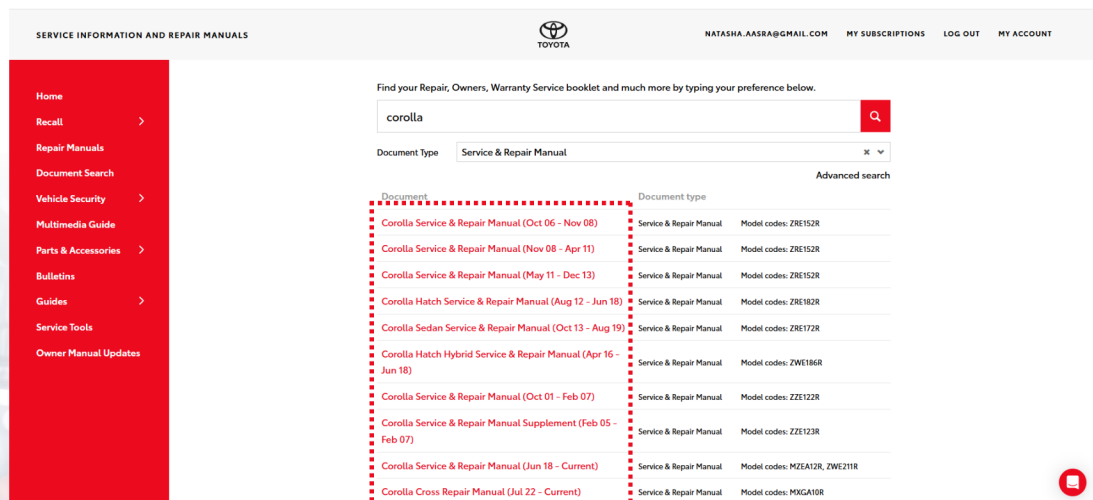

Enter your email address and password and press LOG IN

Once logged in, the front page will allow you to search for a vehicle model, as well as a document type - such as service and repair manual.

Click on the required model year

Document	Document type

SYSTEM REQUIREMENTS

Toyota Australia acknowledges the Traditional Owners & Custodians of lands throughout Australia. We pay our respects to Elders past, present, and emerging, and the continuation of cultural, spiritual and educational practices of Aboriginal and Torres Strait Islander peoples.

For this specific Repair Manual to operate effectively, you will need to change your Compatibility View settings in Internet Explorer 11:

1. In your Internet Explorer browser (for Desktop), click Tools, and then click Compatibility view settings.
2. In the Compatibility view settings box, add this website URL toyotamanuals.com.au, and then click Add.

Compatibility view is now turned on for this single website, for this specific computer. Then click Close.

3. SVG Viewer will need to be installed or reinstalled to view Repairs Manuals that require Internet Explorer 11 Compatibility Mode. [Click here](#) to access more information.

Select the production year and enter in key words to help find the procedure you require.
