

Take Charge

MG Motor MVIS Sign-up Process.

Please find the link to the sign-up forms for the MG Technical Information as part of the MVIS.

There are **4 options** based on the information required. (Choose the one that suits your requirements)

1. Technician (Technical Information – no High Voltage Information)
2. Technician + Safety (EV Technicians - no security information)
3. Technician + Safety + Security (e.g. EV workshops that do key replacements)

Security (e.g. locksmiths)

4. Security Professional (Only Key cut / programming information)

If your request will include Diagnostic tool software and account set up, please mention it in your reply email (including the Brand / Segment - MG, IM, MG Light Commercial).

Please complete the applicable form (**1 form**) and return it. User credentials will be provided on verification of sign up.
